April 2017

We have more information concerning Brother Manuel's imprisonment. We know that his paperwork is in the correct office. However, it is on the bottom of the stack and could take up to six months to process.

One of the reasons for the delay is that his file contains more than 1000 pages and no one wants to read it. Our attorney has gone through the pages and made a separate file proving his innocence. Please, just keep praying.

Manuel had one saved Easter Sunday, and baptized one the Sunday before that. We have an average of one a week saved. Not only does Manuel preach twice a week, but he holds two Bible studies a day, he works with AA, drugs anonymous, and one other that I am not sure what it is called, and he is teaching men how to read and write. He keeps himself extremely busy. All these activities plus praying and reading his Bible helps him maintain his sanity.

Bible Baptist, Acuna, is maintaining their attendance of about 40. They had their third anniversary recently, with a packed house. We received an offering for them, and they are busy about stuccoing and painting, inside and out. Thank you for your help.

The kids are out for Easter vacation. Independent Baptist, Acuna, holds their Vacation Bible School at this time of the year. Usually, their parents don't go on vacation and the streets are full of kids, playing. I am not sure how many they had daily, but we did have children saved during that week.

The Children's Home is doing great. The Lord has blessed us with no serious sickness during the winter. Director Lupe Diaz is on the run continually. Between the Home, and school and church, she has a full day. We've hired one of the women from the church, Marla, to help her two days a week. She is a real fine Christian lady.

As always, thank you for your prayerful and financial support and confidence in our ministries

For souls in Mexico,

Dr. Royce & Lue Vick
