It's In *Their* Court...

...but it's all in *God's* hands!! After three policy changes by Canadian immigration because of the current refugee situation, as far as we have been able, we have submitted what we are trusting will be a successful application package, and have paid approximately half of the rather sizeable fees for Debbie's immigration status. There are about three more steps left to complete once we receive positive acknowledgement of processing, and; as the Lord allows; we anticipate having permanent residence documents for her.

While, as it has been said, "the ball is in their court" at the moment, we know that the entire matter; from start to finish; is in the unchanging hands of the One whose "...kingdom ruleth over all," and that He is in control of *all* men and *all* things. By faith, we are holding to the words of Proverbs 21:1,2 believing that truly, "*The king's heart is in the hand of the LORD, as the rivers of water: He turneth it whithersoever He will. Every way of a man is right in his own eyes: but the LORD pondereth the hearts,*"

We Can't Thank You Enough!!

There have been numerous times we have asked you to pray for our family, or the people of a church or the salvation of a particular person, as well as for the spiritual battles and trying circumstances that we were facing at any given time, and these days are certainly no exception! Debbie and I can't begin to thank you enough for your faithfulness and commitment to prayer and partnership with us.

Your expressions of care and concern for us, and for the work of the Lord in people's hearts and lives continue to be a great source of strength and blessing and encouragement far beyond what we could ever put into words, and we want you to know that we are deeply grateful to each one of you who has a part in the salvation of souls and the changing of lives and the eternal destinies of men, women and children in several different countries on two continents. Thank you for always praying!

We are *greatly* in need of your earnest prayer; especially right now; that the immigration process will move toward completion, and that God will work in His sovereignty as only He can, in the minds and hearts of those in positions of authority to approve the paperwork and issue the necessary documents "...*that the living may know that the Most High ruleth in the kingdom of men...*" **Thanks for making tracks with the Macs!**

Yours for souls,

Don & Debbie
