SUBJECT: PASTOR MANUEL GONZALEZ

The lower courts have been on summer vacation. They are back, and our attorney tells us that they agreed to meet with him and Brother Manuel on September 5<sup>th</sup>. Several things have taken place in the jail this summer; including a paper that Manuel needed to sign that was lost by the office; from the office to the cell. Our attorney said, "How is that possible?" Tina was so upset that she went home, sat down and cried. She eventually got the paper signed, by taking it herself on visitation day.

The district attorney had one of their doctors who is not a specialist, examine the girl. She took photographs and said that this is proof that she was molested. The three specialists that we have paid \$1000.00 to, do not agree. This makes 12 times that this girl has been checked; eleven times that Manuel was proven innocent. Plus, the state tribunal has exonerated him, not guilty. The lower court in Fresno is in violation of federal law.

Fresno is in the rainy season. It has rained every day for weeks. The area where Manuel holds services and Bible study is the exercise area with no roof. There is, however, an overhang. So, they stand under that and have service. Among the new inmates, seven were saved this past Sunday. Please continue to pray.

In Acuna, our heat wave continues. On the first Saturday of this month, a storm hit. Bible Baptist lost four roofing panels and a tree down in the yard. In the Children's Home, dormitory #1, had some of its roofing peeled back. Dormitory #2 lost six of its roofing panels and a tree fell on top of a small storage building. We have everything repaired and functioning again.

The kids will go back to school in two weeks. We are busy trying to get school supplies together, and trying to find out what the inscriptions will cost.

Your prayerful and financial support of this ministry is appreciated more than you know.
