September & October 2017

Randy and I love the opportunities we have to teach and to train people in the ministry. As we get older, more and more, we feel an urgent need in our hearts to see the nationals take on the responsibilities of the ministries in Costa Rica. What a blessing it is to see them preaching, teaching, witnessing, serving God and leading others to dedicate their lives to Him.

The last few months Randy has not felt well. We have been to several doctors but we still don't know what is wrong, yet. We are still waiting for several medical test results.

We often refer to these letters as prayer letters. We know that you are faithful to pray for us but we just want you to know that we need some extra prayer for guidance, strength and help at this time in our lives. We have seen God's hand moving through this difficult time and have felt His presence through this entire process. He has shown His love and care for us in so many ways. He has opened doors for us to get appointments with doctors that are booked. He has provided us with some amazing doctors who are willing to do whatever is necessary to find the answers we are looking for. He has provided us with an incredibly supportive group of people who we know are behind us both here in Costa Rica and in the States. He has provided comfort daily through devotions we have read or heard, through sermons and Bible studies we have heard and done, through scriptures we have read and even through music we have listened to. We know that God is walking before us and with us through these trying times.

Even though at times it has been difficult, God is still working. Souls are still being saved, hearts and lives are still being changed, new people are still visiting, new members are still be added to the church and people are still getting baptized. God is still doing His work. We are so thankful to be serving God in Costa Rica.

Thank you for allowing us to share our hearts with you and thank you for all your prayers for us and for the ministries here in Costa Rica.
