In Mexico since 1971

February 2019

My family and I want to thank you for all your prayers and cards and encouragement since my wife Lue passed away. It's hard, but I am adapting and again, ask for your patients with prayer letters receipts etc. My son, daughter in law, Manuel, Tina, and Lupe have all been a tremendous help. Please continue to pray for all of us.

Manuel and Tina are busy with two new missions. One we started in his home, and the other is three or four miles away. The last mission, we are meeting in the couples' home and are presently buying corrugated tin to cover Manuel's patio so that we can have outside services. We will be buying at least twenty folding chairs from Walmart at \$10 a piece. If you would like to help the church just mark your offering building supplies and we will know where it goes. Souls have been saved but don't know how many at present.

We must get Manuel a vehicle. The make, model and color are not important. They are having to walk four or five miles a day to get to bible study. There are taxis but we are using about \$20 a week for that.

The Children's home is doing good. We've had a lot of upper respiratory problems and we thank the Lord for a good doctor. Brother Manuel has been ill with a kidney infection however he is doing better with medication. We are blessed to have very smart A/B students.

Thank you for your prayerful and financial support and confidence in our ministry.

For Souls in Mexico,

Royce Vick
