May 2019

Manuel and Tina spent a week in Nuevo Laredo. They had three professions of faith. This is the first mission that Manuel started after he was released from prison. While he was there it started to rain very hard and Manuel got totally wet and then came down with a cold. This delayed his returned back to Acuna for serval days.

At the mission in Zacatecas the church had four adult baptisms. These adults were saved while in prison.

In Acuna, Lighthouse Baptist Mission has grown to five families plus the kids in the neighborhood. Manuel is teaching and preparing the adults for baptism. As soon as the baptism takes place, we will organize from Lighthouse Baptist Mission, to Lighthouse Baptist Church.

The building that was up for sell sold before we could get to it. We are discussing with the Landlord were Manuel lives about buying that property. Manuel has already drawn up plans on how to add to the house for church and have room for them to live.

School in Mexico will be out June 15th. The kids are looking forward to it but the adults are not (haha). Our children will graduate with excellent grades.

Our ministry and staff pray that you have a great Mother's Day. To tell you I am going to miss my wife is an understatement.

As Always, thank you for your prayerful and financial support and confidence to our ministry.

For Souls in Mexico,

Dr. Royce W. Vick
