Perhaps my greatest joy in serving here has been working with the national pastors. It is a blessing to come alongside them and encourage them in their various works.

These men, Themba, Shabalala, Zulu, and Bongani, face many trials and burdens. Superstition and idolatry are everywhere. Families are in disarray. Sin is rampant; alcoholism, rape, violence, theft... Pastors like these, who face such things every day, need much prayer.

Yet, they also tell stories of victory over the darkness. For example, Bongani related to me how the Spirit 'compelled' him to visit a home steeped in the idolatry of a local cult. To his amazement they believed the Gospel! When he next visited them all of the cultish signs and images that had been displayed around the house were gone!

Wherever you go in this world, you can find such evidence of God's working through the Gospel, and you can find God's servants standing firm in the faith.

For PRAISE & PRAYER:

* Dorothy and I will have to make a quick trip to the States and back because we could not get a longer visa here. The rules stipulate we have to leave and return to our country of origin before we can re-enter South Africa. I know, it is a great expense, but the wear and tear of the travel is even worse! Only 23 hours of flight time to get back to Seattle. That's one way, or course. The good news is that we get to be with family for the Holidays! Yea!

* When we get back we will be reporting to churches, so it will be go, go, go. We value your prayers.

* Please pray for my health. Right now just trying to figure out how to lessen the pain without too many adverse side-effects.

As always, we thank God for your prayers and your faithful support.

Yours in Christ,

Will & Dorothy Rogers
