In Mexico since 1971

July 2020

In all of this pandemic, we have had some good news! Mt Calvary in Fresno Zacatecas has doubled in size in the last 90 days. This is the result of home churches. They had church in private homes with no more than ten people. This church is the one that pastor Manuel and I started in 1997. We organized it into Bible Baptist Church. In 2000 we changed the name to Mt Calvary to coincide with the rest of our ministry.

Mt Calvary also has a mission which is about 30 miles south east of Fresno. It is a home church it also has seen some growth. Both churches are the result of pastor Manuel's 4 years in prison, for something he did not do.

The children's home is doing well. We have received report cards and every one passed with an A, Danny our 11-year-old received a diploma for being the number 3 top student in his class. I asked him why number 3, and he said some old girl beat me. David our 14-year-old has graduated high school and will be attending a technical college.

As always, thank you for your prayerful and financial support, and confidence.

For Souls in Mexico
