In Mexico since 1971

January 2021

On January the second and third, Light House Baptist church Acuna had its first services. Because of COVID-19 it has been closed for a year. We are so thankful that we can try to get back to normal. The original members lost their jobs and had to move some where else. There were 14 in attendance and ten professions of faith. ****PRAISE THE LORD****

The patio is complete and we have started laying block for the walls. We build as we have finances. There is no debt on our ministry.

During Christmas and new year's, I was able to talk by phone with some of our mission pastors. It was good to talk with them, they do need encouragement. Please pray for them.

Christmas was fantastic for the children's home. We were able to purchase every thing needed, from a hair cut down to shoes and socks.

Thank you for your generous offerings at Christmas. Without you and your offerings this would not have been possible.

This year i did not send individual receipts and notes. I wish to thank all of you for your generous and sacrificial offerings.

Thank you for your prayerful and financial support, and for hanging in there with us. Regardless of the worlds situation we are going to stand firm with Jesus.

For Souls in Mexico
