In Mexico since 1971

June 2021

From left to right meet Chui and Daniel. They are brothers, ages 7 and 8. They are members of Lighthouse Baptist Acuna, Mexico. These are the first two to arrive to church and the last to leave. Daniel, prays like an adult. He prays from the heart with compassion.

No one in church can beat them in a sword drill. Not even the pastor. Please pray for them.

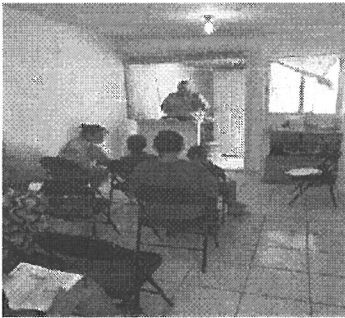

As of Friday June, the 11th we poured cement for the roof of the front patio. It took some time to find a company with a cement pump truck. There is a lot of construction and we have to wait our turn. It will take at least two weeks to cure. We are praying that we can take the support poles down in time for VBS in July.

Thank you,

Dr. Royce Vick

Finally, we have taken out the back wall. It opens up into the kitchen. Where you see me standing will be the permanent pulpit, until the top floor is finished. We think that we can finish all of the projects for about \$9,000.00. We are working on about \$500.00 increments. When that money is gone, we wait until the Lord supplies another \$500.00.

We have installed the front gates to the front patio. By the time you get this letter we will have finished Vacation Bible School.

This is Light House Baptist Acuna, Mexico. Brethren, thank you for hanging in there with us, and for your generous offerings and prayers.

Thank you,

Dr. Royce Vick
