Re-booting the Ministry August 26, 2021

Almost exactly a year ago we had tickets to fly to England and were set to relieve a missionary family there. Due to the pandemic, that country was headed for a strict lock-down and we believed it prudent not to go. Instead, the Lord sent us to Calgary to wait for open doors.

For us, that open door appeared a month ago and we loaded up our car and headed south.

For the past several weeks I have been preaching in supporting churches as I headed towards the West Coast. Meanwhile, Dorothy was in remote Alaska on a missions trip to an area populated by First Nations people.

Sadly, shortly after Dorothy and her sister arrived, the village was shut down because of a severe Covid outbreak. This was disappointing, especially since this trip, designed to minister to the ladies of the village, was originally scheduled for the Summer of 2020. But, based on the sweet people that she did meet, Dorothy is even more determined to make a return trip there in the future. We must leave such 'disappointments' in the hand of God and trust that they were, somehow in His will, Divine 'appointments'.

Now, we are off to Wrangell, Alaska, to begin our ministry there. After so long a time, all I can say is, "Yippee!"

We are excited, but also filled with a solemn sense of gratitude. How thankful we are to be enabled by the Lord to do this work! We realize we are most unworthy of this great calling. How gracious of God to incorporate us in His mission to reach the World with the Gospel!

I think we ALL share that sentiment, don't we?

Pray for a fruitful re-boot!

In Christ,

Bro. Will
