

Reasoner Report

First Quarter Prayer Letter 2022

Vancouver, WA

Dear pastors and Co-laborers in Christ,

Greetings from the crime laden Portland metropolitan. I think that our area has finally had enough of all the insanity of people doing the grab and run in the stores. Many of our major employers are moving to the Midwest to get away from injustice. The people in our church keep asking me why we don't all move to Texas. It is such a better environment for raising our family. What they are saying is true, but someone must stay and burn their light where the darkness is the greatest. On 9/11 first responders were running in to a building that everyone else was running out of. We who minister on the left coast are a lot like the first responders. We have taken the call of God to a very dark part of America for how shall they hear without a preacher?

Many have asked how it is going with the building. We are still meeting there. There has been no complaints and God has allowed us to have a good relationship with the neighbors. The conditional use permit is still in the works. It will require a land use attorney to get past the latest problems. Please be in prayer about the next step of our project to build a church on our property.

Our church battled through covid in February and praise God, everyone survived it. We have a nurse that helped some of our elderly get monoclonal antibodies. I love to see everyone working together to help each other out. This last wave finally opened many people's eyes. One can get double vaccinated, and triple boosted and still get the virus. Only God is in control of what is going on. Pray and repentance is what America needs.

Thank you for your faithful support and prayers on behalf of Bridgeway Baptist Church.

Yours for souls,

Ron Reasoner
